About the Sales Acceleration Program

Three-months program

This program has a three months duration. For undergraduates, this program is considered an internship as per the universities' definition.

The prerequisites to join

Good written and spoken English, good computer literacy, good communication skills, ability to learn quickly, ability work within team, and commitment to time and quality work.

Remuneration, gains, and benefits

This program is based on a commission scheme and does not have a fixed salary. It has many gains and benefits, and it may lead to a part-time or full-time employment upon successful completion.

Join program despite your current situation

You can join this program whether you are undergraduate, fresh graduate, experienced professional, employed, unemployed or under any other category.

Work time and work hours

The minimum-working-hours is 15 hours per week. It is up to you to decide when to work, and you can spend as much more hours as you want.

Work location

You can join this program remotely from any place, however, you may choose to work from our office in your city. You will also perform the work using your own computer.

Company and products

Rise Holding group has three subsidiary companies under it. You will choose the company and products that you will work on during the entire program.

Tools and teams

You will be given access to several online tools and platforms. Moreover, you will work individually or within a team and report to a direct manager.
